# Providing an Alternative to the Streets for America's Youth

---

Learn how a youth organization uses Education, Entrepreneurship, and Enlightenment to provide a self-sustaining model that believes it's role is not to correct behavior. But it's to create an environment so valuable that the youth modifies their behavior to maintain membership.

## **Monnie Bush Founder and CEO The Victory Project, INC.**

Before being called into missions, Mr. Bush was Vice President of an international corporate security firm where he successfully managed sensitive personnel and financial assets during internal investigations for Fortune 500 Companies.

One of Mr. Bush's most notable achievements is his 15-year service within the Criminal Justice community. Upon his departure, Mr. Bush was acknowledged for having one of the most decorated law enforcement careers in the State of Ohio.

Having been made aware of the problem of high recidivism rates of youth in the criminal justice system as a police officer, Mr. Bush founded The Victory Project, INC. A faith-based, 501c3 non-profit organization which blends an uncommon alliance between the business, local government, and faith communities. Their unique approach includes micro-enterprises which employs students from Victory Project. Offering a true alternative to the street for young men. All without government funding.

Mr. Bush served as the Montgomery County Faith Representative for the Crossover Youth Program at Georgetown University. He is a member of Aileron, consults for the Ohio Juvenile Detention Alternative Initiative and is a founding member of Police And Clergy Together.
