
Code Enforcement Response Team and How it Works to Improve Neighborhoods

Neglected properties can be primary factors in drawing crime and nuisance activity to an area or a street. This presentation will show techniques used to decrease nuisance activity and improve the quality of life at problem properties and how to utilize CERT (Code Enforcement Response Team) as an effective tool to combat the problem of unresponsive nuisance property owners.

Christy Brehm
Police Officer
Cincinnati Police Department

This will be a presentation/discussion led by Police Officer Christy Brehm, the lead investigator for chronic nuisance properties. On the panel will be feature an attorney from the City Solicitors Office and Investigators from Police, Fire, Health and Building Departments.
